Gender must be integrated in COVID-19 response plans, not only to achieve better outcomes for women and girls, but to build stronger and more resilient economies and societies for everyone. This dashboard is a compilation of indicators that will inform gender-responsive policy action on COVID-19. It is an inter-agency collaboration that has benefitted from the inputs of ILO, ITU, UNCTAD, UNDP, UN-Habitat, UNHCR, UNICEF, UNODC, WFP, WHO and many others.

HEALTH SYSTEM VULNERABILITY (SDG 3)

Source: World Bank, ILO, WHO, UNICEF, UNFPA, UN DESA/PD

CITY

Hospital beds, latest 2010-2015 (per 1,000 people)	2.8
Physicians, latest 2010-2018 (per 1,000 people)	1.49
Nurses and midwives, latest 2010-2018 (per 1,000 people)	3.39
Women employed in human health activities, latest 2010-2019 (%)	69.9

HEALTH SYSTEM PREPAREDNESS AND RESPONSE

Universal coverage of essential health services index (0-100), 2017	66
Access to laboratory testing capacity for priority diseases (20-100), 2018	78
Planning for emergency preparedness and response mechanism (20-10 20),18	57
Management of health emergency response operations (20-100), 2018	66
Emergency resource mobilization (20-100), 2018	60

SEXUAL AND REPRODUCTION HEALTH AND RIGHTS	
Births attended by skilled health personnel, latest 2010-2016 (%)	77.7
Maternal mortality ratio, 2017 (deaths per 100,000 live births)	211
Family planning demand satisfied with modern methods, 2019 (%)	76.7

GENDER EQUALITY (SDGS 5 AND 16)

Source: UNDP, IPU, UN Women, UNICEF,	
Gender development index (0-1), 2018	0.941
Gender inequalty index (0-1), 2018	0.439
Human development index (0-1), 2018	0.731
Inequality-adjusted human development index (0-1), 2018	0.596

WOMEN IN POLITICAL DECISION-MAKING

Women heads of government, 2020 (%)	6.2
Women ministers, 2020 (%)	21.3
Women health ministers, 2020 (%)	24.7
Women finance and budget ministers, 2020 (%)	13.2
Seats held by women in national parliaments, 2020 (%)	24.9
Elected seats held by women in deliberative bodies of local government, 2019 (%)	36.3

VIOLENCE AGAINST WOMEN

Women and girls subjected to IPV in last 12 months, latest 2007-2017 (%)		17.8
Children subjected to phys. punish./psych. aggr. by caregivers last month, 2019 (%)		78.9
	Female	Male
Adolescents aged 15-17 who have experienced sexual violence (%)	%	%
Intentional homicide victims, 2017 (per 100,000 people)	2.0	9.1
Intentional homicide victims by intimate partner/ family-related, 2017 (#)	50,000	#

EARLY, CHILD AND FORCED MARRIAGE

Women aged 20-24 years who were married or in a union, 2019 (%)	
Before age 15	4.9
Before age 18	20.2

UNPAID CARE AND DOMESTIC WORK

Female-to-male ratio of time spent on unpaid care and domestic work, latest 2001-2017	
---	--

POVERTY AND SOCIAL PROTECTION (SDG 1)

	Female	Male
Population living with less than \$1.90 a day, latest 2010-2015 (%)		
Ages 0-14	20.8	20.0
Ages 15+	9.5	8.9
Children living in child-specific multidimensional poverty (%)	%	%
Old-age pension recipients (%)	%	%

	Female	Male
Learners affected by school closures, est. (millions)	735.6	780.1

Selected area: World

Country factsheet: https://data.unwomen.org/countries

MACRO-ECONOMIC IMPACT (SDG 8)

Source: IMF (April WEO), UNDP (for dev. countries)

GDP IMPACT

GDP loss, global 2020-2021, est. (billions)	\$9,000
GDP loss, developing countries, 2020, est. (billions)	\$220
GDP growth, global, 2020, est. (prior est.) (%)	-3% (+3.3%)

LABOUR MARKET SITUATION (SDG 8)

Source: ILO. UN Women, UNICER

EMPLOYMENT AND LABOUR FORCE

	Female	Male
Informal employment, 2016 (%)		
Agriculture sector	94.5	93.2
Non-agriculture sector	46.4	53.1
Own-account workers in total employment, 2019 (%)	27.5	37.6
Contributing family workers in total employment, 2019 (%)	17.9	6.5
Labour force participation rate, ages 25-54, latest 2010-2018 (%)		
Lone-person households	[75.6]	[91.2]
Couple-only households	[55.6]	[95.3]
Couple-with-children-under-6 households	[45.8]	[97.3]
Children aged 5-17 engaged in child labour	%	%

UNEMPLOYMENT AND LABOUR UNDERUTILIZATION

	Female	Male
Unemployment rate, 2019 (%)		
Ages 15-24	13.1	14.0
Ages 25+	4.3	3.8
Time-related underemployment rate, 2019 (%)		
Ages 15-24	20.3	19.9
Ages 25+	9.4	7.9
Composite rate of labour underutilization, 2019 (%)		
Ages 15-24	27.8	25.2
Ages 25+	12.8	9.5

LABOUR INCOME AND PAY INEQUALITY

Employed women who worked for cash in last year, latest 2007-2018 (%)	[71.4]
Gender wage gap, hourly wages, latest 2008-2017 (%)	15.6

ACCESS TO WATER AND SANITATION (SDG 6)

Population with basic handwashing facilities, latest 2010-2017 (%)

SUSTAINABLE CITIES (SDG 11)

3 N
